

Safety Data Sheet

Date: May 2015

Thank you for your inquiry regarding an SDS for Beach Rebuildable Steel Breathers. Please be aware that no SDS exists for Rebuildable Steel Breathers as they are considered an “article” under the Hazard Communication Standard (HCS) and are exempt from the SDS requirement.

https://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=standards&p_id=10099

Articles (as that term is defined in paragraph (c) of this section);
1910.1200 (c) defines an article as:

Article means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical (as determined under paragraph (d) of this section), and does not pose a physical hazard or health risk to employees.

We hope this satisfies your needs. If more information is required, or if you have additional questions, please call 717-698-1403.
