

Gearbox Adapter Kit

The connection between application and filtration system

Features

- Replaceable breather with color-indicating desiccant
- Quick connect plugs
- Single-position vacuum indicator
- 3/4" male NPT connection size

Benefits

- Prohibits entry of dirt and moisture
- Allows for easy equipment adaptation and quick connection to a filtration system
- Customizable

Beach gearbox adapter kits incorporate quick connect fittings, desiccant breather filters and vacuum indicators to function as the connection between your application and filtration system. Pairing fluid handling filtration with breather protection allows for maximum system integrity—requiring less equipment and labor while reducing system contamination.
