## Check Valve Breathers 12 of our disposable breather products feature check valves

These high quality check valves only open when air is actively flowing into or out of the breather from the reservoir.

- Prevents ambient moisture at atmospheric pressure from entering the breather
- Extends the life of the desiccant

### Applications:

HIGH HUMIDTY, WASHDOWNS and Low and High Flow GEARBOXES Perfect for these system sealing Check Valve Breathers.

AquaGuard bladder AG-1H, AG-8H and non-bladder AG-1V-4V low flow breathers, XD-6 Extreme Duty breather, Extended Series EX-1-4 High Flow breathers

Beach Disposable Breathers are providing contamination control for critical equipment industry wide in a myriad of applications.
