

BEACH FILTERS *Clear The Air*

Disposables and Element Spring Cleaning!

Beach Breathers have been working hard in these wet spring months and need a change out. Out with the **Pink**, In with the **Blue**.

Beach desiccant compressed air filter elements have been cleaning the particulates, moisture and hydrocarbon vapors.

- 3-6 month replacement is recommended

It's time to remind your customers to review their maintenance logs and do a plant air filter inspection.

- Offer a walk through with the QC Manager

T-line Filters Sales are on the rise!

2018 sales of T-line filters were excellent

- Easy installation and element change-out

- FDA Compliant model available

- Change out or clean those scrubbers once per year

Prop 65 Impact

You and your customers have been seeing a revised tag on their Beach compressed air filters. After a complete review of our products and facilities, we found our brass petcocks required a Prop 65 warning label. We edited the maintenance tag for all of T-line and In-line filters to call out this warning as required by the state of California.

Distributor Support Includes:

- *Ship within 24 Hours*
- *Personal Service - Call Lori or Leslie*
- *Guaranteed Performance*
