

BEACH FILTERS *Clear The Air*

Your Customers' Beach Filters need attention!

Replacement Element Sales Await!

Summer is over. It's a perfect time of the year to remind your customers to check their Beach Compressed Air Filters and order replacement elements.

- They should be replaced every 3 to 6 months
- Give them a call or e-mail, remind them on your next visit.
- Recommend Maintenance Kits with elements, gaskets, o-rings, scrubbers, etc, as best value & best practice.
- Naturally, we have inventory and can ship out same day!

Beach Specialty Filters F-GG and F-40

Biggest Sellers Strong Growth Continues

> F-GG, our 5 scfm disposable filters have seen strong growth over the past several years

- Applications across industry, especially in aerospace
- End-users appreciate this dependable, high quality, low flow disposable filters

> F-40C, our 15 scfm cartridge filter
