

BEACH FILTERS

Clear The Air

LET'S MAKE A CHANGE!

Moisture can cause a range of issues, including corrosion, reduced efficiency, and damage to equipment. Checking and replacing filters in a timely manner is a crucial step in preventative maintenance practices. Keep your customers clean and dry with a fresh filter element or breather.

Beach Desiccant Filter Elements:

- Particulate Filtration to .3 micron
- Eliminate Moisture and Hydrocarbon Vapors
- Desiccants available for all housings
 - Standard Clay
 - Silica Gel
 - Carbon
 - Custom

Filter housings need maintenance too.

Inquire about our maintenance kits that include replacement o-rings, scrubbers, and elements.

Pink breathers need to be replaced.

Check for any color change in all Beach Breather Products: Standard disposables, AquaGuard low flow, Extreme Duty, Extended Series, and Re-buildable Steel

Use the handy Breather selection guide to find the best option your customers:

Distributor support includes:

- Shipping Within 24 Hours
- Personal Service On Every Order
